RADIX PREMIUMS GROWTH YOY

LEADING TRENDS & KEY MARKET DYNAMICS

.FUN'S JUST BEGUN

.Fun premium sales in Q2 2024 were **2.5x** higher than in Q1 2024, making H1 2024 its best half-year yet. Its astronomical growth has continued month after month since April 2024. Clearly, .fun is having a lot of fun in the market!

WEB3 WAVE OF .FUN

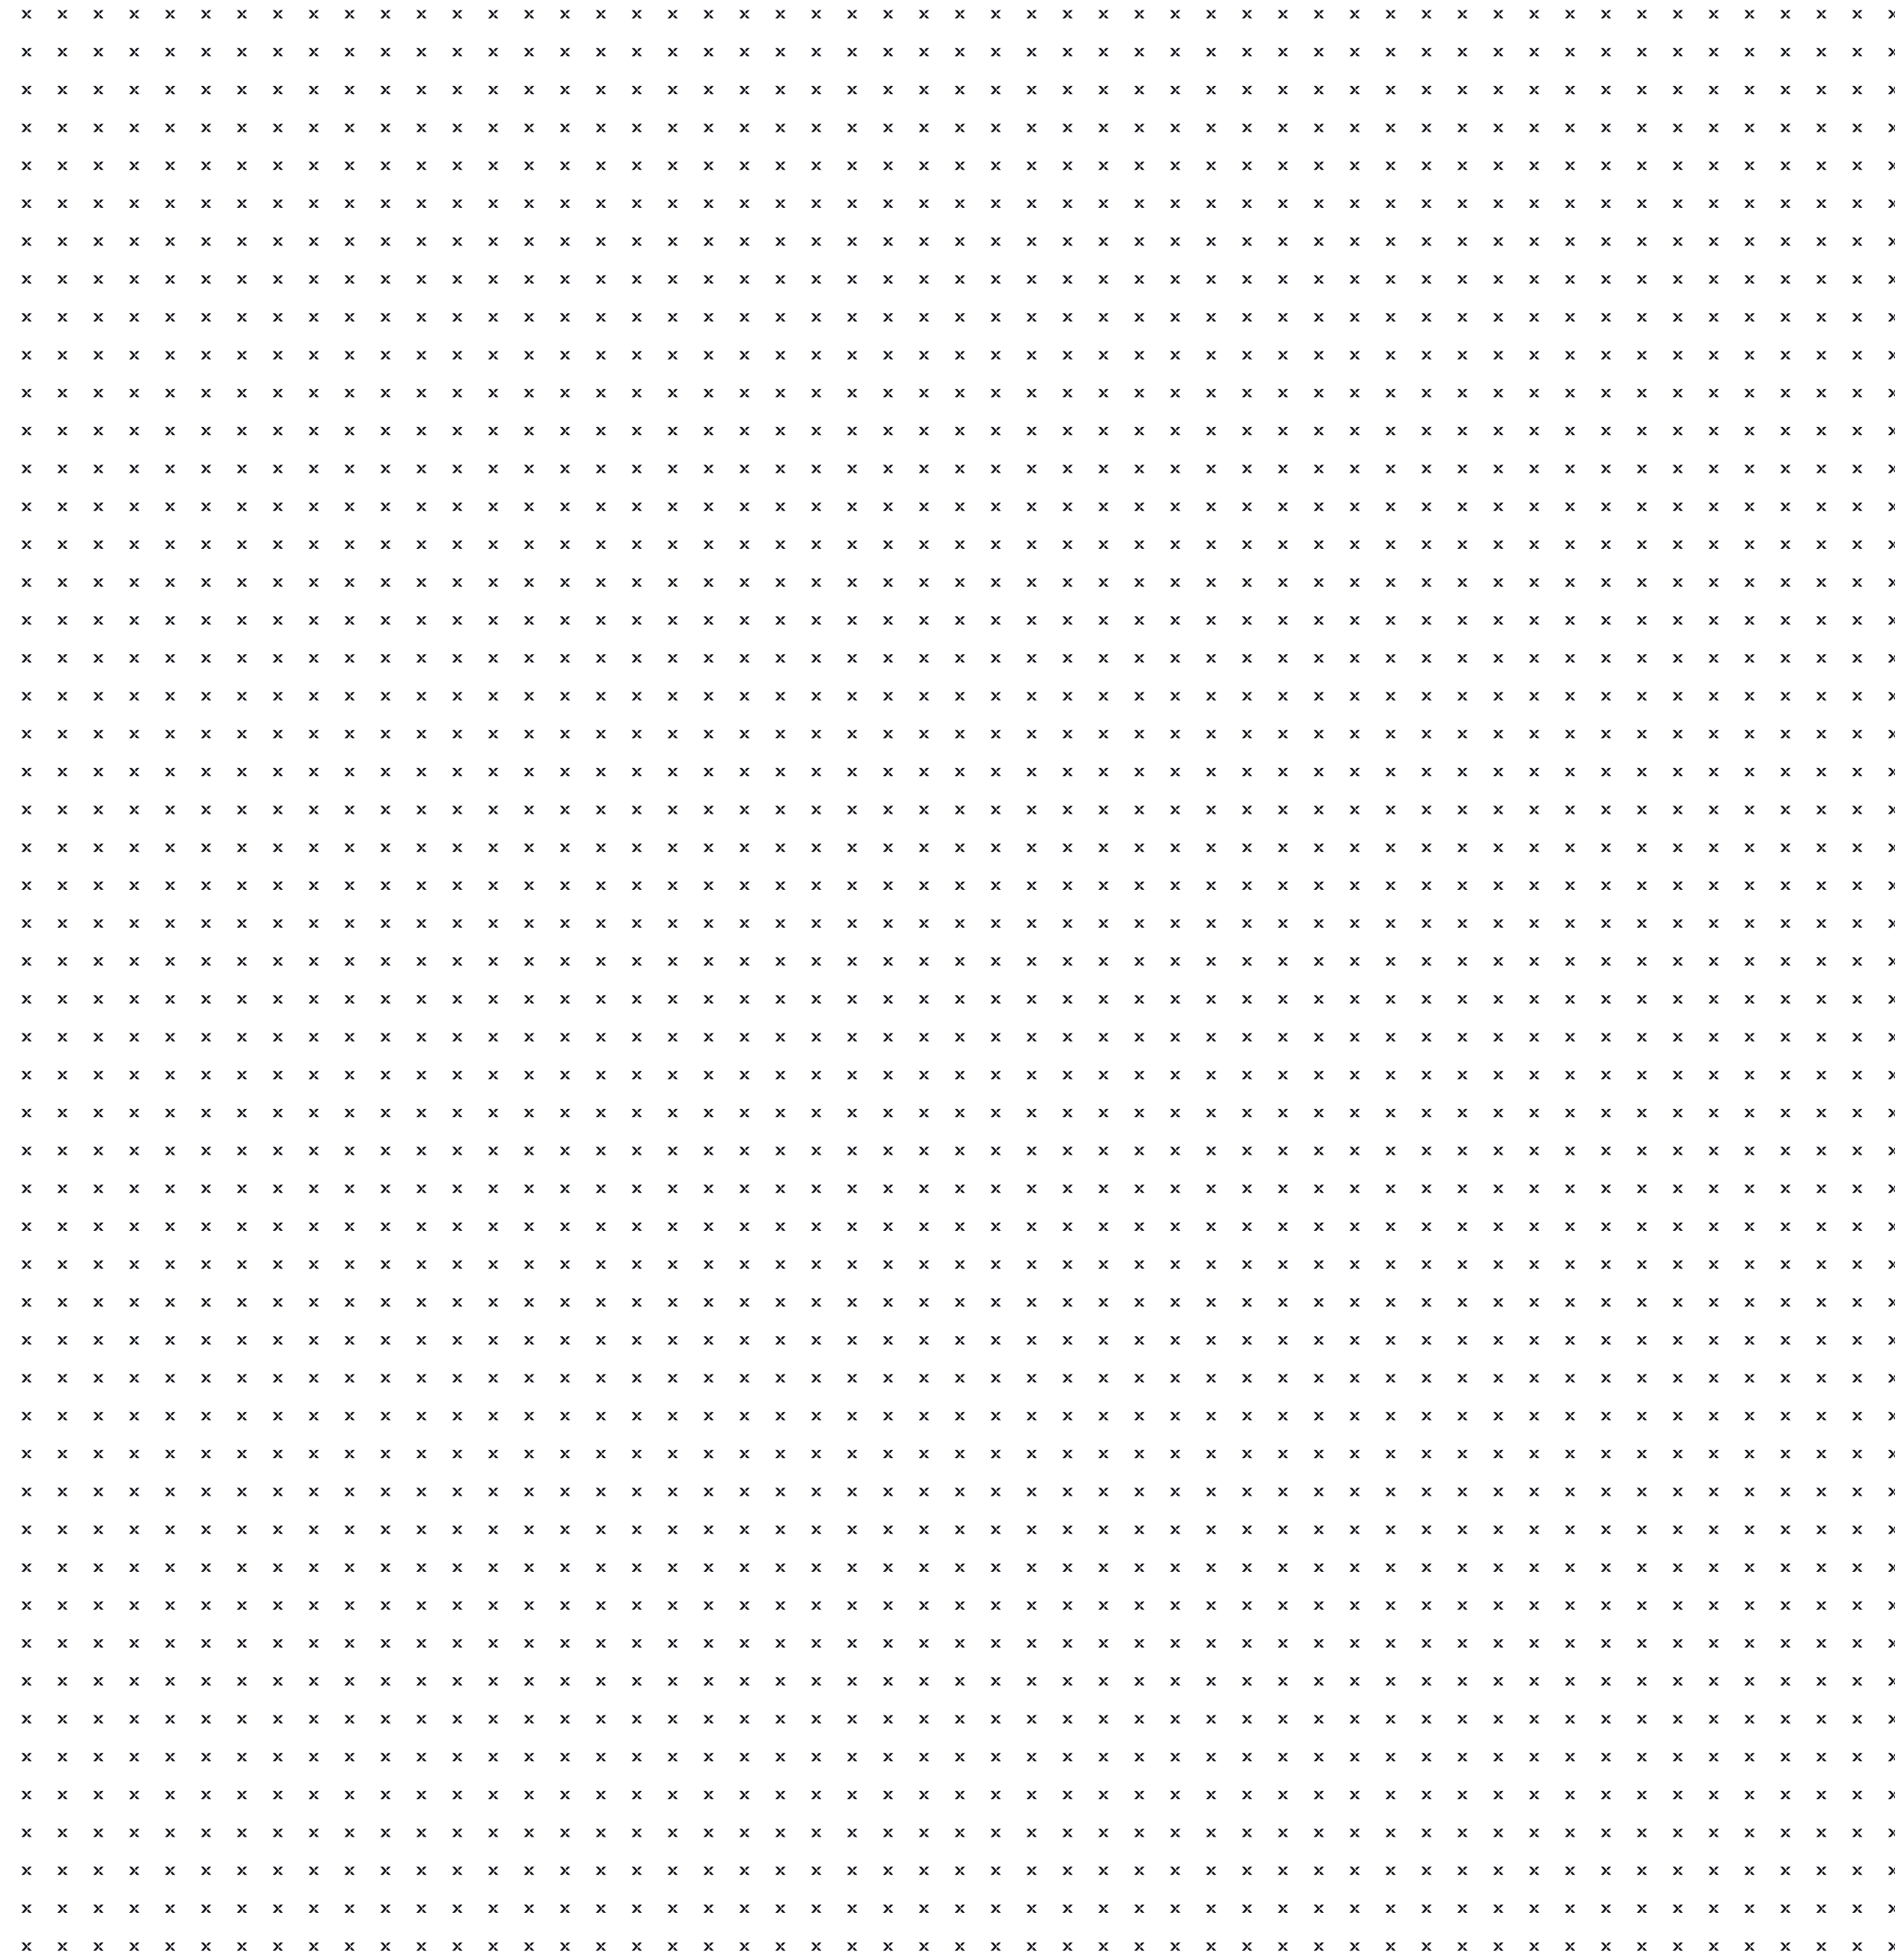

Here's a .fun fact: 1 out of 6 live .fun websites from H1 2024 registrations are tied to Web3 use cases.

SPACESHIP HAS LANDED

Spaceship has experienced meteoric growth, with a **10x** increase in revenue and a **5x** boost in registrations since H1 2023. This stellar rise has propelled Spaceship to 4th place among registrars contributing to Radix's new registration revenue market share.

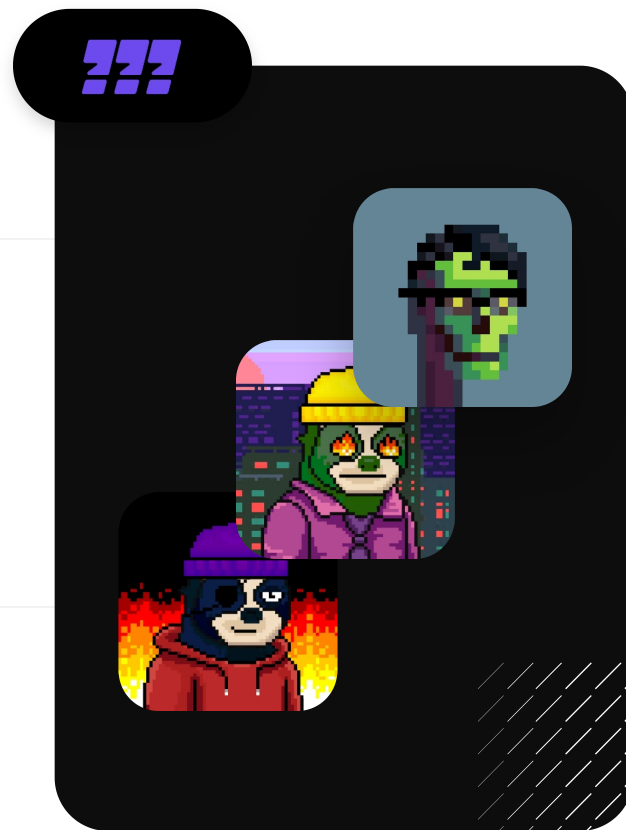

TOP-TIER TRENDS

Domains in the premium tiers (\$2,500 and up) saw a **20%** increase in registrations compared to H1 2023, suggesting that premium domain customers are increasingly willing to invest in higher-quality domains at higher prices.

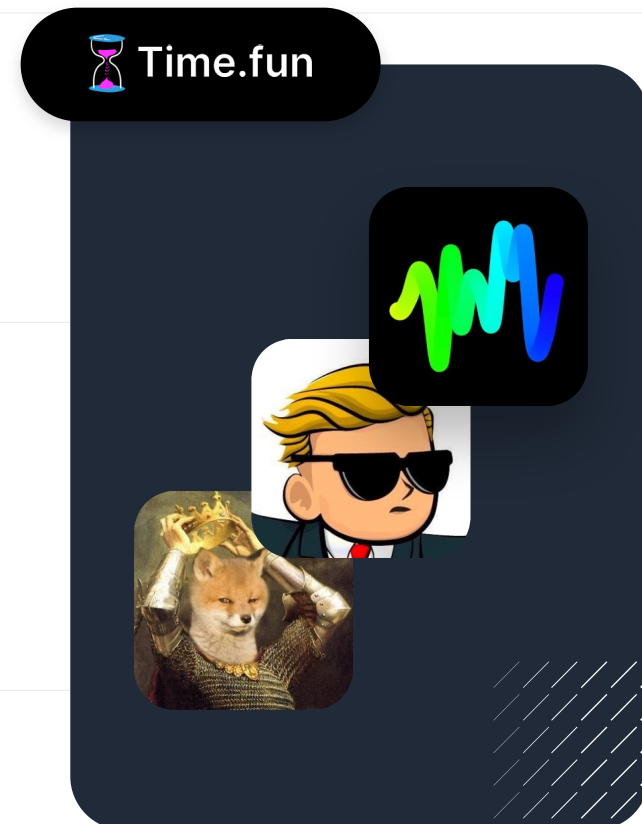

MORE THAN .FUN AND GAMES - JOINING THE WEB3 PARTY

Short premium domains on **.fun** saw rising adoption in the **Web3 space**, attracting attention from a variety of blockchain projects. These projects encompass a wide range - from tokenizing creators' time to gaming and meme-coins to decentralized social media platforms.

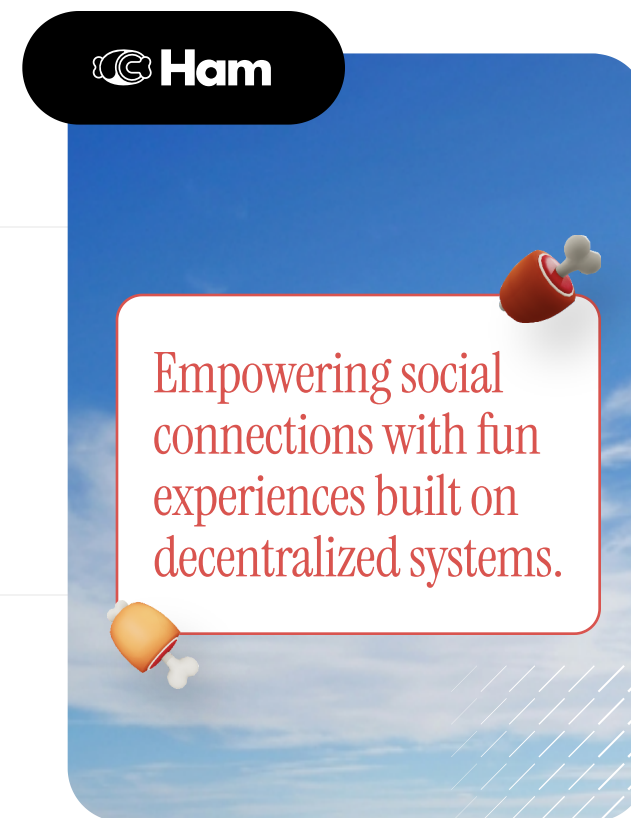

Mint.fun is an NFT mint aggregator letting users discover and mint trending NFTs across multiple blockchains in one interface. It ranks projects by popularity, saving search hassle. With **287.5k** monthly visits, it's booming in the NFT space.

mint.fun

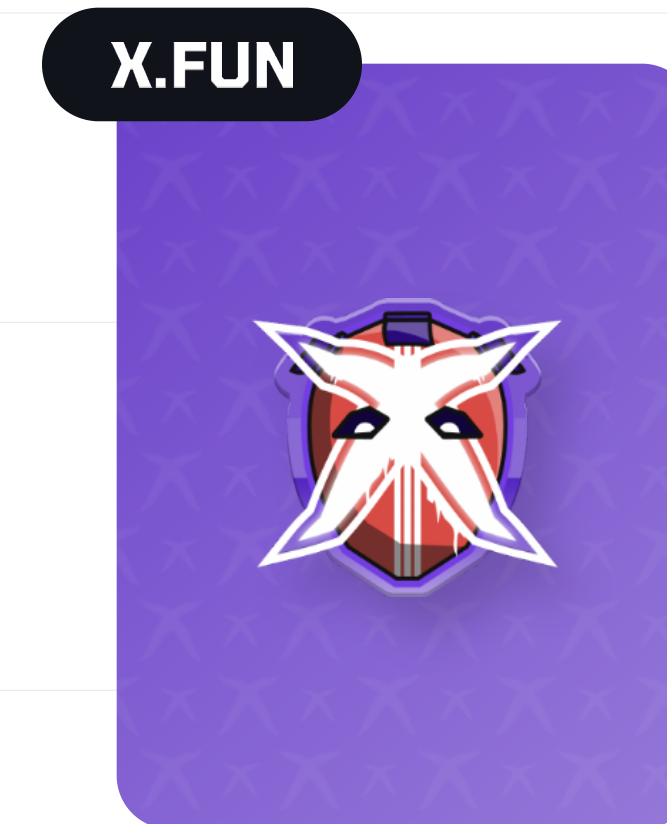

Time.fun lets users trade tokenized time with their favorite creators. Fans can buy and exchange time slots, supporting creators uniquely. Using blockchain for secure, transparent transactions, it has **57.3K** monthly visits.

PUMP.FUN GATEWAY TO MEMECOIN CREATION AND TRADING

Pump.fun is a Solana-based platform that enables users to create and launch new tokens, particularly meme coins, without requiring initial liquidity. “Meme coin” refers to cryptocurrencies inspired by characters, individuals, animals, artwork, or other mimetic elements. These coins are typically supported by enthusiastic online communities and are intended to be light-hearted and fun. Consequently, a .fun domain is perfectly suited for them.

The process on pump.fun is designed to be simple and cost-effective, costing less than \$2. Tokens are traded based on a bonding curve, which determines prices according to supply. With **8.6M+ monthly visits** and **76% direct traffic**, it’s a popular marketplace for meme-coins.
